School Board of Clarksville

ANNUAL REPORT, TOWN OF CLARKSVILLE

SUPERINTENDENT'S REPORT

Feb. 1, 1926 to Feb. 1, 1927

During the school year ending June 30, 1926 we had an attendance record of 93 1-2 per cent. Unless there is some epidemic between now and June this years record will be even better.

The Young school has an unusual record for the first half year. For fourteen weeks there was not a case of absence or tardiness. I think we shall have to go some distance to find a rural school which can equal that record.

A few years ago it was considered almost impossible to maintain rural schools in cold weather, and 30 weeks was about the limit for a school year. During the year ending June 30, 1926 eleven cities and towns in New Hampshire had their schools actually in session 360 half days. Among these towns we find Clarksville.

The following table is worthy of notice as it shows substantial progress:

YEAR	HALF DAYS SCHOOLS WERE IN SESSION	PER CENT OF ATTENDANCE	AVERAGE HALF DAYS FOR EACH PUPIL
1920	328	83	272
1921	318	83	264
1922	350	89	311
1923	350	84	294
1924	351	90	316
1925	354	91	322
1926	360	93½	337

ANNUAL REPORT, TOWN OF CLARKSVILLE

Standard tests have been given in all schools and pupils have been found weakest in silent reading and language. The teachers are working for increased efficiency in these subjects and parents can help by encouraging the pupils to read at every opportunity. Ready comprehension in reading is the basis of success in the work of the higher grades.

SCHOOL STATISTICS

Sept. 1, 1925 to June 30, 1926

Average daily attendance	42
Average daily absence	2.9
Per cent of attendance	93 1/2
Number of cases of tardiness	253
Average per pupil	6
Number of pupils not tardy	15
Number of pupils not absent	1
Cost of Instruction per pupil	\$ 68.50

In closing I wish to thank School Board, teachers, parents and pupils for continued co-operation. May our motto continue to be efficiency and progress.

Respectfully submitted,
William F. Skelton, Supt.
